

SPARK PLUG LEAD

LEAKING GARDEN IRRIGATION SYSTEM

GRIP FOR RACQUET

LOW PRESSURE LEAKING PIPES

PRATLEY®

RUBBER TAPE

Self-Fusing
0.5 mm x 19mm x 1.6m

PRATLEY RUBBER TAPE is “self-fusing”. It fuses (amalgamates) to itself once wrapped and has 1001 uses. The self-fusing property prevents it from coming loose and renders it useful for fixing low pressure leaking pipes, making handle grips and much more. It is also a high voltage electrical insulator.

SOME SUGGESTED USES:

- Repair low pressure hosepipe leaks.
- Repair hoses and pipes on cars (not exhaust pipes).
- Seal cables and insulate wires.
- Seal coolant pipes.
- Make a neat grip on sports equipment.
- Bind rope ends so they don't unravel.
- Separate mechanical parts that rattle or chafe.
- Insulate spark plug leads.

**Dispenser of 20 x Carded Packs
(4 Rolls per Pack)
Product Code 91005**
